Cautionary Notice Regarding Forward-Looking Statements

This press release contains “forward-looking statements” including statements with respect to the Company’s objectives, expectations and intentions and other statements that are not historical facts. All statements other than statements of historical fact are statements that could be forward-looking statements. You can identify these forward-looking statements through our use of words such as “may,” “will,” “anticipate,” “assume,” “should,” “indicate,” “would,” “believe,” “contemplate,” “expect,” “estimate,” “continue,” “plan,” “point to,” “project,” “could,” “intend,” “target,” “goals,” “outlooks,” “modeled,” “dedicated,” “create,” and other similar words and expressions of the future.

Forward-looking statements, including those relating to our beliefs, plans, objectives, goals, expectations, anticipations, estimates and intentions, involve known and unknown risks, uncertainties and other factors, which may be beyond our control, and which may cause the Company’s actual results, performance, achievements, or financial condition to be materially different from future results, performance, achievements, or financial condition expressed or implied by such forward-looking statements. You should not rely on any forward-looking statements as predictions of future events. You should not expect us to update any forward-looking statements, except as required by law. All written or oral forward-looking statements attributable to us are expressly qualified in their entirety by this cautionary notice, together with those risks and uncertainties described in “Risk factors” in our annual report on Form 10-K for the fiscal year ended December 31, 2022 filed on March 1, 2023 (the “Form 10-K”), and in our other filings with the U.S. Securities and Exchange Commission (the “SEC”), which are available at the SEC’s website www.sec.gov.

Interim Financial Information

Unaudited financial information as of and for interim periods, including the three months ended March 31, 2023, December 31, 2022 and March 31, 2022, may not reflect our results of operations for our fiscal year ending, or financial condition, as of December 31, 2023, or any other period of time or date.

As previously disclosed in the Form 10-K, the Company adopted the new guidance on accounting for current expected credit losses on financial instruments (“CECL”) effective as of January 1, 2022. Quarterly amounts previously reported on our quarterly reports on Form 10-Q for the periods ended March 31, 2022, June 30, 2022 and September 30, 2022 do not reflect the adoption of CECL. In the fourth quarter of 2022, the Company recorded a provision for credit losses totaling \$20.9 million, including \$11.1 million related to the retroactive effect of adopting CECL for all previous quarterly periods in the year ended December 31, 2022, including loan growth and changes to macro-economic conditions during the period. Quarterly amounts included in the Form 10-K and this earnings release and accompanying presentation reflect the impacts of the adoption of CECL on each interim period of 2022. See the Form 10-K for more details on the adoption of CECL.

The following table shows changes to previously-reported amounts for the quarter ended December 31, 2022 versus the corresponding amounts reflecting the adoption of CECL in 2022:

Non-GAAP Financial Measures

The Company supplements its financial results that are determined in accordance with accounting principles generally accepted in the United States of America (“GAAP”) with non-GAAP financial measures, such as “pre-provision net revenue (PPNR)”, “core pre-provision net revenue (Core PPNR)”, “core noninterest income”, “core noninterest expenses”, “core net income”, “core earnings per share (basic and diluted)”, “core return on assets (Core ROA)”, “core return on equity (Core ROE)”, “core efficiency ratio”, “tangible stockholders’ equity book value per common share”, “tangible common equity ratio, adjusted for unrealized losses on debt securities held to maturity”, and “tangible stockholders’ book value per common share, adjusted for unrealized losses on debt securities held to maturity”. This supplemental information is not required by, or is not presented in accordance with GAAP. The Company refers to these financial measures and ratios as “non-GAAP financial measures” and they should not be considered in isolation or as a substitute for the GAAP measures presented herein.

We use certain non-GAAP financial measures, including those mentioned above, both to explain our results to shareholders and the investment community and in the internal evaluation and management of our businesses. Our management believes that these non-GAAP financial measures and the information they provide are useful to investors since these measures permit investors to view our performance using the same tools that our management uses to evaluate our past performance and prospects for future performance, especially in light of the additional costs we have incurred in connection with the Company’s restructuring activities that began in 2018 and continued in 2023, including the effect of non-core banking activities such as the sale of loans and securities, the valuation of securities, derivatives, loans held for sale and other real estate owned, early repayment of FHLB advances, and other non-routine actions intended to improve customer service and operating performance. While we believe that these non-GAAP financial measures are useful in evaluating our performance, this information should be considered as supplemental and not as a substitute for or superior to the related financial information prepared in accordance with GAAP. Additionally, these non-GAAP financial measures may differ from similar measures presented by other companies.

Exhibit 2 reconciles these non-GAAP financial measures to reported results.

(1) Total gross loans include loans held for investment net of unamortized deferred loan origination fees and costs. As of March 31, 2023 and December 31, 2022, total loans include \$65.3 million and \$62.4 million, respectively, primarily in mortgage loans held for sale carried at fair value.

(2) Core deposits consist of total deposits excluding all time deposits.

(3) On March 9, 2022, the Company completed a \$30.0 million offering of subordinated notes with a 4.25% fixed-to-floating rate and due March 15, 2032 (the "Subordinated Notes"). The Subordinated Notes bear interest at a fixed rate of 4.25% per annum, from and including March 9, 2022, to but excluding March 15, 2027, with interest payable semi-annually in arrears. From and including March 15, 2027, to but excluding the stated maturity date or early redemption date, the interest rate will reset quarterly to an annual floating rate equal to the then-current benchmark rate, which will initially be the three-month Secured Overnight Financing Rate ("SOFR") plus 251 basis points, with interest during such period payable quarterly in arrears. If the three-month SOFR cannot be determined during the applicable floating rate period, a different index will be determined and used in accordance with the terms of the Subordinated Notes. The Subordinated Notes are presented net of direct issuance costs which are deferred and amortized over 10 years. The Subordinated Notes have been structured to qualify as Tier 2 capital of the Company for regulatory capital purposes, and rank equally in right of payment to all of our existing and future subordinated indebtedness.

(4) In the fourth quarter of 2022, the Company announced that the Board of Directors authorized a new repurchase program pursuant to which the Company may purchase, from time to time, up to an aggregate amount of \$25 million of its shares of Class A common stock (the "2023 Class A Common Stock Repurchase Program"). In the first quarter of 2023, the Company repurchased an aggregate of 22,403 shares of Class A common stock at a weighted average price of \$25.25 per share, under the 2023 Class A Common Stock Repurchase Program. In the first quarter of 2023, the aggregate purchase price for these transactions was approximately \$0.6 million including transaction costs.

(5) In the first quarter of 2023, and in the fourth quarter of 2022, the Company's Board of Directors declared cash dividends of \$0.09 and \$0.09 per share of the Company's common stock, respectively. The dividend declared in the first quarter of 2023 was paid on February 28, 2023 to shareholders of record at the close of business on February 13, 2023. The dividend declared in the fourth quarter of 2022 was paid on November 30, 2022 to shareholders of record at the close of business on November 15, 2022. The aggregate amount paid in connection with these dividends in the first quarter of 2023 and in the fourth quarter of 2022 was \$3.0 million and \$3.0 million, respectively.

(6) Assets held for clients in an agency or fiduciary capacity which are not assets of the Company and therefore are not included in the consolidated financial statements.

(7) As previously disclosed, the Company adopted CECL in the fourth quarter of 2022, effective as of January 1, 2022. See Form 10-K for more details on the CECL adoption and related effects to quarterly results for each quarter in the year ended December 31, 2022.

(8) In the three months ended March 31, 2023 and December 31, 2022, net income exclude losses of \$0.2 million and \$0.2 million, respectively, attributable to a 20% minority interest of Amerant Mortgage LLC.

(9) This presentation contains adjusted financial information determined by methods other than GAAP. This adjusted financial information is reconciled to GAAP in Exhibit 2 - Non-GAAP Financial Measures Reconciliation.

(10) In all the periods shown, potential dilutive instruments consisted of unvested shares of restricted stock, restricted stock units and performance stock units. Potential dilutive instruments were included in the diluted earnings per share computation because, when the unamortized deferred compensation cost related to these shares was divided by the average market price per share in all the periods shown, fewer shares would have been purchased than restricted shares assumed issued. Therefore, in those periods, such awards resulted in higher diluted weighted average shares outstanding than basic weighted average shares outstanding, and had a dilutive effect in per share earnings.

(11) Operating data for the periods presented have been annualized.

(12) NIM is defined as NII divided by average interest-earning assets, which are loans, securities, deposits with banks and other financial assets which yield interest or similar income.

(13) Calculated based upon the average daily balance of total assets.

(14) Calculated based upon the average daily balance of stockholders' equity.

(15) Total revenue is the result of net interest income before provision for credit losses plus noninterest income.

(16) Total stockholders' equity divided by total risk-weighted assets, calculated according to the standardized regulatory capital ratio calculations.

(17) Tier 1 capital divided by total risk-weighted assets. Tier 1 capital is composed of Common Equity Tier 1 (CET1) capital plus outstanding qualifying trust preferred securities of \$62.3 million at each of all the dates presented.

(18) Tier 1 capital divided by quarter to date average assets.

(19) CET1 capital divided by total risk-weighted assets.

(20) Tangible common equity is calculated as the ratio of common equity less goodwill and other intangibles divided by total assets less goodwill and other intangible assets. Other intangible assets consist of, among other things, mortgage servicing rights and are included in other assets in the Company's consolidated balance sheets.

(21) Calculated in the same manner described in footnote 20 but also includes unrealized losses on debt securities held to maturity in the balance common equity and total assets.

(22) Calculated as the ratio of total loans gross divided by total deposits.

(23) Non-performing assets include all accruing loans past due by 90 days or more, all nonaccrual loans and other real estate owned ("OREO") properties acquired through or in lieu of foreclosure, and other repossessed assets.

(24) Non-performing loans include all accruing loans past due by 90 days or more and all nonaccrual loans

(25) Calculated based upon the average daily balance of outstanding loan principal balance net of unamortized deferred loan origination fees and costs, excluding the allowance for credit losses. During the first quarter of 2023 and the fourth quarter of 2022, there were net charge offs of \$10.8 million and \$9.8 million, respectively. During the first quarter of 2023, the Company charged-off \$6.5 million in connection with a commercial loan relationship, \$6.3 million related to multiple consumer loans and \$1.5 million related to multiple commercial and real estate loans. During the fourth quarter of 2022, the Company charged-off \$3.9 million related to a CRE loan, \$5.5 million related to multiple consumer loans and \$1.1 million related to

(1) As previously disclosed, the Company adopted CECL in the fourth quarter of 2022, effective as of January 1, 2022. See Form 10-K for more details of the CECL adoption and related effects to quarterly results for each quarter in the year ended December 31, 2022.

(2) Expenses incurred for actions designed to implement the Company's business strategy. These actions include, but are not limited to reductions in

workforce, streamlining operational processes, rolling out the Amerant brand, implementation of new technology system applications, decommissioning of legacy technologies, enhanced sales tools and training, expanded product offerings and improved customer analytics to identify opportunities.

(3) Staff reduction costs in the three months ended March 31, 2023 and December 31, 2022, are mainly related to severance expenses in connection with employment terminations and changes in certain positions.

(4) Includes expenses in connection with the engagement of FIS of \$2.6 million and \$1.1 million in the three months ended March 31, 2023 and December 31, 2022, respectively.

(5) In the three months ended March 31, 2023, includes \$0.5 million of right-of-use asset, or ROUA, impairment associated with the closure of a branch in Texas in 2023.

(6) In the three months ended March 31, 2023, amounts were calculated based upon the effective tax rate for the period of 21.00%. For the three months ended December 31, 2022, amount represents the difference between the prior and current period year-to-date tax effect.

(7) In the three months ended March 31, 2023 and December 31, 2022, potential dilutive instruments consisted of unvested shares of restricted stock, restricted stock units and performance stock units. In all the periods presented, potential dilutive instruments were included in the diluted earnings per share computation because, when the unamortized deferred compensation cost related to these shares was divided by the average market price per share in those periods, fewer shares would have been purchased than restricted shares assumed issued. Therefore, in those periods, such awards resulted in higher diluted weighted average shares outstanding than basic weighted average shares outstanding, and had a dilutive effect on per share earnings.

(8) Other intangible assets consist of, among other things, mortgage servicing rights ("MSRs") of \$1.4 million and \$1.3 million at March 31, 2023 and December 31, 2022, respectively, and are included in other assets in the Company's consolidated balance sheets.

(9) In the three months ended March 31, 2023 and December 31, 2022, amounts were calculated based upon the fair value on debt securities held to maturity, and assuming a tax rate of 25.53% and 25.55%, respectively.

Exhibit 3 - Average Balance Sheet, Interest and Yield/Rate Analysis

The following tables present average balance sheet information, interest income, interest expense and the corresponding average yields earned and rates paid for the periods presented. The average balances for loans include both performing and nonperforming balances. Interest income on loans includes the effects of discount accretion and the amortization of non-refundable loan origination fees, net of direct loan origination costs, accounted for as yield adjustments. Average balances represent the daily average balances for the periods presented.
