Amerant Ranked 54th Among 100 U.S. Companies Recognized for Employee Sentiment and Satisfaction

New York, Oct. 06, 2022 (GLOBE NEWSWIRE) -- [Newsweek](#) today announced their annual rankings for the Top 100 Most Loved Workplaces® list, and [Amerant Bank](#), the largest community bank headquartered in Florida, was ranked # 54. The 2022 Top 100 Most Loved Workplaces® are the result of a collaboration with the Best Practice Institute (BPI), a leadership development and benchmark research company.

The results were determined after surveying more than 1.4 million employees from businesses with workforces varying in size from 50 to more than 10,000. The list recognizes companies that put respect, caring, and appreciation for their employees at the center of their business model and, in doing so, have earned the loyalty and respect of the people who work for them.

"On behalf of everyone here at Amerant, we are truly proud to be named a Most Loved Workplace," said Jerry Plush, chairman and CEO at Amerant Bank. "It's a testament to the commitment that our team members have to each other and for the company."

How positive workers feel about their future at the company, career achievement, how much employer values align with employee values, respect at all levels, and the level of collaboration at the firm were the five critical areas measured to gauge employee sentiment. In addition, areas such as inclusion, diversity, equity and belonging, and company response and adaptability to the COVID-19 pandemic, such as return-to-office rules, were identified and analyzed in relation to the five critical areas measured.

"As a result of 'The Great Resignation,' more companies recognize the importance of focusing on employee satisfaction to not only attract but retain top talent," said Nancy Cooper, Global Editor in Chief, Newsweek. "The businesses on this year's list clearly demonstrated that commitment."

"The companies on this list represent the best at placing love at the center of their employee's experience," said Louis Carter, CEO, Best Practice Institute. "The number of applications this year and analysis of survey data reinforces our original findings that love is the strongest predictor of the strength of a company's culture, employee engagement, and satisfaction."
